President Donald J. Trump
Donald J. Trump for President 2024, Inc.
PO Box 13570
Arlington, VA 22219

Dear President-elect Trump:

The Energy Marketers of America (EMA), and our 49 state and regional association members, congratulate you on becoming the 47th President of the United States. The past four years have been challenging with the rising cost of everyday goods and new regulations making it more difficult for businesses to succeed. This is particularly the case for EMA members who are small business owners that play a critical role in communities across our country.

EMA members supply 80 percent of all finished motor and heating fuel products sold nationwide including renewable hydrocarbon biofuels, gasoline, diesel fuel, biofuels, heating fuel, jet fuel, kerosene, racing fuel, and lubricating oils. Moreover, energy marketers represented by EMA own and operate approximately 60,000 retail motor fuel stations nationwide, supply motor fuels to an additional 40,000 gas stations, and heating fuel to more than 5 million homes and businesses.

EMA and its members look forward to working with you and your administration to support balanced policies that address reasonable fuel efficiency standards, remove electric vehicle mandates, and promote common-sense pro-business regulations. Liquid fuels are and will continue to be a crucial driver of economic growth in this county and a catalyst for affordable transportation.

Sincerely,

Rob Underwood
President
Energy Marketers of America
